Earth and Space – Write to Understand

You are a blogger who must write a short article for your website that reports on a new scientific discovery (fictional). Think of an Earth and Space discovery idea, and write the title of your article on the line below.

_____

Choose three terms that relate to your idea from *Category 3 - Earth and Space* (on pages 3 and 4) of the DynaNotes Grade 8 Science for STAAR student review guide and write them on the lines below.

_____ _____ _____

Write a short, creative article that uses each of the three terms. Circle the words wherever they appear.
Scoring: 3 points for demonstrating that you understand what each term means
1 point for good writing mechanics (grammar, capitalization, punctuation, and spelling)
1 point for creativity and story quality
